

SUES ERIE'S RECEIVERS.

Deliberate Waste and Wreck of the N. Y., P. and O. Road Charged.

CLEVELAND, Oct. 7.—An important suit was filed in the United States Court yesterday, the plaintiff being the New York, Pennsylvania and Ohio Railway Company, and the defendant, the New York, Lake Erie and Western Railway, John King and John G. McCullough, receivers.

The chief complaint is that New York, Pennsylvania and Ohio was leased by the Erie, and that the defendants had deliberately attempted to waste the property, locomotive material and non-payment of rental.

It was charged that the placing of the Erie in the hands of receivers was a part of the scheme. The terms of the lease had been violated. The shops had been closed while the cars were in the yards, and of repairs and loading on sidings and some of the locomotives and rolling stock were missing. Rent to the amount of \$26,156.85 was due and unpaid.

It was further charged that the receivers to operate the leased line according to contract, to ascertain the rent now due and make the same a lien on the property and franchises in the receivers' hands.

ARRESTED FOR WIFE-MURDER.

Hooper Accused of Poisoning Her with Prussian Acid.

MONTREAL, Que., Oct. 7.—J. R. Hooper was arrested at Port Hope yesterday on the order of Detective Carpenter, of Montreal, representing the Province of Quebec. He is charged with causing the death of his wife, Georgia Male Hooper.

On Sunday, Sept. 17, he purchased in Port Hope four grains of prussian acid. The following day Mrs. Hooper's death took place.

On the Sunday in question Hooper went to Dr. Charles Cameron, of this city, and asked for some poison to kill a dog.

Dr. Cameron, who had known Hooper for three years, gave him an order for the poison.

Hooper is closely watched, as he is to be removed from his father's house at Port Hope. The doctors say his mind has given completely away under the excitement of the past few nights events.
